

## Creating GoReact Assignments in Learning Suite

External plugins (LTI) allow Learning Suite to connect with external learning software, including GoReact. The LTI connection between Learning Suite and GoReact allows GoReact to know which student is submitting an assignment and also allows GoReact to send scores directly to Learning Suite's gradebook.

1. Go to Home > Assignments to open the Assignments page. Click "+New Assignment" to create a new assignment.
2. In the assignment setup dialog box, choose "External Plugin" from the assignment type dropdown.

The screenshot shows the 'New Assignment' dialog box with the following details:

- General Tab:** Active.
- Type\*:** Assignment (dropdown menu is open, showing options: Assignment, Attendance, Exam, External Plugin, Survey). 'External Plugin' is highlighted with a red box.
- Title\*:** Assignment
- Description:** (Empty text area)
- Category\*:** Select category... (dropdown menu)
- Due Date\*:** [ ] at 11:59 PM
- Points Possible\*:** 25
- Submit Online:**
  - Submit through BYU Learning Suite
  - Submit through External Plugin
- Buttons:** Cancel, Save

3. Give the assignment a title, optional description, category, due date, and points possible.
